

Australia's Medical & Laboratory Refrigeration Specialist

The ENLAKE logo consists of the word "ENLAKE" in a bold, black, sans-serif font. It is centered within a white rectangular box that has a thin black border. This box is positioned inside a larger orange oval shape.

ENLAKE is a privately held Australian business that specialises in medical and laboratory refrigeration.

Our philosophy is to provide our clients with a combination of detailed product and industry knowledge together with a comprehensive range of premier biomedical refrigeration products and accessories.

We aim to serve your needs by providing you with the product information and advice that will make your purchasing decisions easier.

We can help you choose the most suitable off-the-shelf fridge or freezer for your needs. If your requirements would be better met by a customised option we can custom build a fridge or freezer to meet your specific requirements.

So please feel free to contact us on 1800 094 295 if you have any questions or need some advice.

A photograph of laboratory glassware, including test tubes and a beaker, with a blue-tinted overlay. The image is used as a background for the list of industries served by ENLAKE.

ENLAKE offer a comprehensive range of premium refrigeration equipment and accessories for use in:

- Medical surgeries
- Hospitals
- Pharmacies
- Pharmaceutical manufacturers
- Laboratories
- Universities
- Nursing homes
- Veterinary Surgeries

ENLAKE also specialises in the supply and fit out of medical and commercial refrigeration equipment in new facilities such as hospitals and universities. ENLAKE supplies, installs and commissions all medical monitored and unmonitored refrigerators and freezers ranging from standard pharmacy fridges through to mortuary cabinets and bone freezers.

ENLAKE also supplies commercial monitored fridges and freezers for use in hospitals. Examples include fridges for staff and parent lounges, pantries and beverage bays.
